

# Woodland Invasive Plant Training

Hosted by the KC CWMA

The highly invasive Asian Bush  
Honeysuckle

The Knox County Cooperative Weed Management Area (CWMA) is hosting a woodland invasive plant training with Purdue Extension Forester Ron Rathfon. Woodland owners, contractors, nature enthusiasts, and others are invited to attend. Topics will include invasive plant identification, invasive plant control, technical and financial assistance, and a field demonstration. Category II CCHs will potentially be available.

**Saturday, September 16<sup>th</sup>, 2017**

**8:30 am to 12:00 pm**

Southwest Purdue Ag Center, 4669 Purdue Rd,  
Vincennes, IN 47591
