

Now Enrolling for the Class of 2021

Welcome to the Sullivan County Indiana Master Naturalist Program!

What is it?

The Indiana Master Naturalist program provides you with many hands-on opportunities to learn about our Hoosier natural resources. It also provides a way for you to share that knowledge, along with your life experiences, through volunteer service. The local program is sponsored by the Sullivan County Soil & Water Conservation District.

Our Purpose

- Provide an introduction to Hoosier natural resources through the eyes of resource professionals and experts
- Provide an educational opportunity to individuals 18 years and older
- Provide an opportunity for class participants to establish a partnership with a natural resources agency or a local organization involved in natural resource management by volunteering as part of the class

What are the benefits?

Gain new knowledge of Indiana's plants, wildlife, geology, and geography! Meet other Hoosiers with interests similar to yours and gain personal satisfaction from "giving back" to your local community through service. Individuals who complete the required service hours and pass the end of the class open book test receive:

- Certificate of completion
- Designation of Certified Indiana Master Naturalist
- Indiana Master Naturalist pin
- One year subscription to the Indiana Master Naturalist newsletter

Sullivan County Indiana Master Naturalist 2021 Program:

- Wednesday evenings at 6:30 pm beginning January 6, 2021 -March 24, 2021
- Class sessions will be held at the Sullivan County 4-H Fairgrounds
- Educational topics include Indiana Bats, Invasive Plants, Cave Exploration, Medicinal Herbs, Bee Keeping 101, Turtle Rescue, Maple Syrup Production and more!
- Class registration is \$50.00
